NEW: ROHDE ELS 150 N AND ELS 200 N

The classic frontloader –
now also available with Ergo-Load-System[®]

ROHDE ELS 150 N and ELS 200 N

The classic frontloader is now available in the ELS (Ergo Load System®) version: ergonomic and back-friendly. The perfect starter kiln with a volume of 150 or 200 liters. With the new ROHDE ELS 150 N and ELS 200 N we have revised the kiln system of the KE-N series proven for many years and equipped with the innovative ELS System. The floor which can be pulled out completely has

been provided with a conical sealing chord as protection against incoming air draught. The high-quality and ball-bearing mounted rollers on solid guide rails ensure an extremely smooth and safe movement – with maximum durability. The improved ROHDE Ergo Load System® is making your daily charging child's play and lifting your working routine to a completely new level.

ROHDE ERGO LOAD SYSTEM (ELS) – UNIQUE KILN CONCEPT WITH PULL-OUT KILN FLOOR

Model: ELS 200 N

Easy on your back – to be charged from three sides

Safe – by door security switch and overtemperature protection

High-quality construction – corrosion protection and low heat radiation due to stainless-steel in-frame ventilation

Electric power supply – single phase supply or with CEE 16 A connector

Even heat distribution – due to 5-sided heating - well protected heating elements recessed in grooved bricks

Energy-efficient – due to 3-layer wall structure with high-quality insulating bricks in the firing chamber

Model	t max	int. dims (in mm)	ext. dims (in mm)	output	supply	connector	furniture batts	weight
	°C	w x d x h	W x D x H	kW	A	plug	w x d mm	kg
ELS 150 N	1300	460 x 460 x 680	800 x 1080 x 1730	9	13 (sp 39)	CEE 16 A	440 x 400	450
ELS 200 N	1300	460 x 620 x 680	800 x 1240 x 1730	11	16 (sp 49)	CEE 16 A	600 x 400	510
